ABOUT ME

I'm a passionate Web & App Developer with a strong focus on creating dynamic, user-friendly, and high-performing digital experiences. With expertise in front-end and back-end development, I specialize in building responsive websites and mobile applications that blend innovative design with seamless functionality.

WORK EXPERIENCE

TEACHER
COSMOS COMPUTER BHAVNAGAR
2023-Present

- I am a passionate Web & App Development Educator, dedicated to empowering students with the skills to build modern websites and applications. With a strong background in both teaching and development,
- I bridge the gap between theory and real-world application, making complex coding concepts easy to understand.
